Ax4 PrimeGreen Hiking Shoes 90

Quiver-of-one trail shoes. From forest hikes to alpine adventures, these adidas Terrex hiking shoes let you explore high and low, near or far. Their dual-density design merges the comfort of a cushioned trail runner with the stability of a hiking shoe to take on hikes, scrambles and via ferratas. The all-conditions grip of Continental™ Rubber means you can trust the AX4 to get you anywhere you want to go without worrying about your feet.

Box Hog 3 100

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.

Cyprex Ultra DLX Sandals 70

Head outside for casual warm-weather hikes. These sandals have comfortable textile straps and a buckle closure for a secure fit. The rubber outsole provides traction on wet or slippery surfaces.

EnergyFalcon X 80

When you dig deep to reach your goals, these running shoes offer the support and stability you need. Every step feels pillow-soft with plush cushioning and an OrthoLite® sockliner for comfort. A flowing TPU heel counter and thin support cage keep the foot centred and stable. The durable outsole is made for logging many miles.

Freerider Pro Mid VCS Mountain Bike Shoes 180

Technical rock garden or flowy berms. You can bomb down the trail in the adidas Five Ten Freerider Pro Mid Mountain Bike Shoes. They combine the legendary pedal control of the classic Freerider with enhanced toe impact protection and a mid-height cuff with D30 inner ankle padding for added coverage. Their Stealth® S1 Dotty rubber outsole grips wet, slippery ground and your pedals for full control on and off the bike.

Grand Court Alpha 70

Sometimes classic is the best answer for the future. These adidas tennis-inspired sneakers ground you in a modern classic while you explore what makes you you. Wear them all day for any occasion.

Kaptir 2.0 85

Running can be as much about comfort as it is about style. These adidas running-inspired shoes have a sculpted Cloudfoam midsole that provides pillow-soft comfort. A knit upper and a bold adidas logo complete the look.

Speedex 18 150

Keep your opponents dancing to your tune in these adidas boxing shoes. Built for fast footwork, they have a lightweight mesh upper that hugs your feet for rock-solid stability. Their EVA midsole is softer in the toe and heel but firmer in the midfoot for the perfect combination of cushioning and support. Underneath, a multi-directional Adiwear outsole grips the canvas to help you turn instinct into action.

SuperNova+ Shoes 120

Energy meets comfort with adidas Supernova+. However far or fast you train, the Supernova+ keeps you pushing toward your goals. Like the Supernova, these adidas shoes ride on a combination of Boost and Bounce. The plus in the name refers to the added Boost in the forefoot compared to Supernova, delivering increased energy return and comfort in every stride. Experience the energy of a comfortable run.

Terrex Agravic Pro Trail 260

No trail is too technical and no terrain too rough for the adidas Terrex Agravic Pro Trail Running Shoes. Full-length rock protection through the midsole lets you move across rugged ground without missing a step. Abrasion-resistant weldings add the durability to handle scrapes and scuffs through rocks and debris. A Continental™ Rubber outsole offers extraordinary traction in wet and dry conditions.
